Original Song by Alabama

Opener

Sides Face Grand Square

Building so high I can't see the sun, They're closing in on me
Car after car on this cold concrete, I need some dirt

Allemande Left and Weave The Ring

Back to the country where I feel at home, Back to the country I been gone too long
Take me on back, Take me on back to the country

Figures

Heads (Sides) Promenade $\frac{3}{4}$ round the ring you're gonna fly

Sides (Heads) Wheel Around, Everybody Veer Right, Couples Circulate

Bend the Line, Touch $\frac{1}{4}$, Coordinate, Bend the Line, Pass Thru, Chase Right

Swing The Corner, Promenade Tonight

Take me on back

Take me on back to the country

Middle Break

Sides Face Grand Square

Get me away from the city lights, Cuz I feel out of place
I'll saddle up, You'll open the gate, Up on my horse

Allemande Left and Weave The Ring

Back to the country where I feel at home, Back to the country I been gone too long,
Take me on back, Take me on back to the country

Closer

Circle Left

Reality, I gotta fix somehow

My hands are tied so I'll just daydream for now

Allemande your corner, turn partner right, Left Allemande and Weave Around Tonight

Back to the country where I feel at home, Back to the country I been gone too long,
Take me on back, Take me on back to the country
